I Live In a Tough Neighbourhood

I was walking down the road during the morning in my neighbourhood, which has a pretty bad reputation, and I overheard two guys talking to each other.

"This guy ran straight up to me, I shot him twice and he survived! I couldn't believe... So I pulled out my knife and finished him off."

I thought to myself, the party at the river bank must have gone a bit crazy last night. Damn!

I was in a little bit of shock hearing this confession so when the other guy went to talk, I listened a little closer to hear what he had to say.

"I hate dying by knife, this is the worst part about playing Counterstrike"

Why is the website called bytestories.com?

This is a place for "byte-sized" stories and there is a 1500 character (about 250 words) limit for two main reasons. Firstly, we want you to know that "War and Peace" isn't required to leave your mark. Secondly, it takes about 2 minutes to read each story meaning you can head here whenever you want a quick (and entertaining) read.

If you would like to share a story or create your own eBook, simply head to bytestories.com, Register an account and click on the "Share a Story" button.
