## **I'm in deep sh\*t**

On way to Southend test centre about ten years ago via the A127 which was gridlocked due to a lorry losing it's load of manure.

Well unfortunately this load of manure was a foot deep and my pupil was following a Porche which due to the low profile and thicker wheels churned up the manure all over my car, covering windscreen bonnet everything.

Well I had no time to wash the car and turned up with the car as it was.

The examiner asked my pupil which is his car for the test, my pupil replied:

"The one covered in sh\*t and with the flies around it".

#### Why is the website called [bytestories.com](https://bytestories.com)?

This is a place for "byte-sized" stories and there is a 1500 character (about 250 words) limit for two main reasons. Firstly, we want you to know that "War and Peace" isn't required to leave your mark. Secondly, it takes about 2 minutes to read each story meaning you can head here whenever you want a quick (and entertaining) read.

If you would like to share a story or create your own eBook, simply head to [bytestories.com](https://bytestories.com), Register an account and click on the "Share a Story" button.
